

Comprehensive Solutions for Space Design and Organization

All Types of Light Decorations

We produce light installations and figures, art objects, furniture, and children's play areas that transform any space into an atmospheric, functional, and memorable place.

Own Manufacturing in Russia

We maintain control at every stage of production — from concept to implementation — ensuring high quality and meeting deadlines.

Design Studio and Individual Approach

Our team of professional designers creates creative solutions tailored to each client's specific needs.

Unique Materials and Technologies

We use modern, eco-friendly, and durable materials, along with innovative processing technologies, allowing us to create lightweight, strong, and expressive structures.

Certified Products

Our products meet both Russian and international quality and safety standards.

Modern Space Organization Solutions

Not just decor. These are thoughtful solutions that help organize space, emphasize its individuality, and create the right mood.

Why Clients Choose Us

- Full cycle: from sketch to installation
- Modern production facilities
- Time-tested quality
- Experience with projects across Russia and abroad

Creating spaces that inspire!

All Types of Light Decorations

Modern fiberglass light decorations with unique properties:

- Do not rust
- Anatomical shapes
- Modern design
- Safe low-voltage lighting elements

Produced using patented technology

Produced using patented technology

Suitable for indoor and outdoor use:

- Corrosion-resistant
- Fade-resistant
- Light elements rated IP 65–68 (maximum protection against moisture and dust)

Operates in temperatures
from -50°C to $+50^{\circ}\text{C}$

Over 200 ready-made decorations
in stock year-round

3D Figures and Urban Furniture (MAF)

Volumetric figures made from polystyrene with impact-resistant coating — a bright, attention-grabbing element for your location.

- High detailing
- Artistic painting
- Durable anti-vandal coating
- For indoor and outdoor installation

Produced with various textures and effects:

- Textured surface ("shagreen") – coated with a hard polymer compound

- Additional decorative materials (fabric, plastic, fur, etc.)

- Smooth glossy or matte surface – coated with fiberglass mat

Durable Soft Furniture for commercial and educational facilities

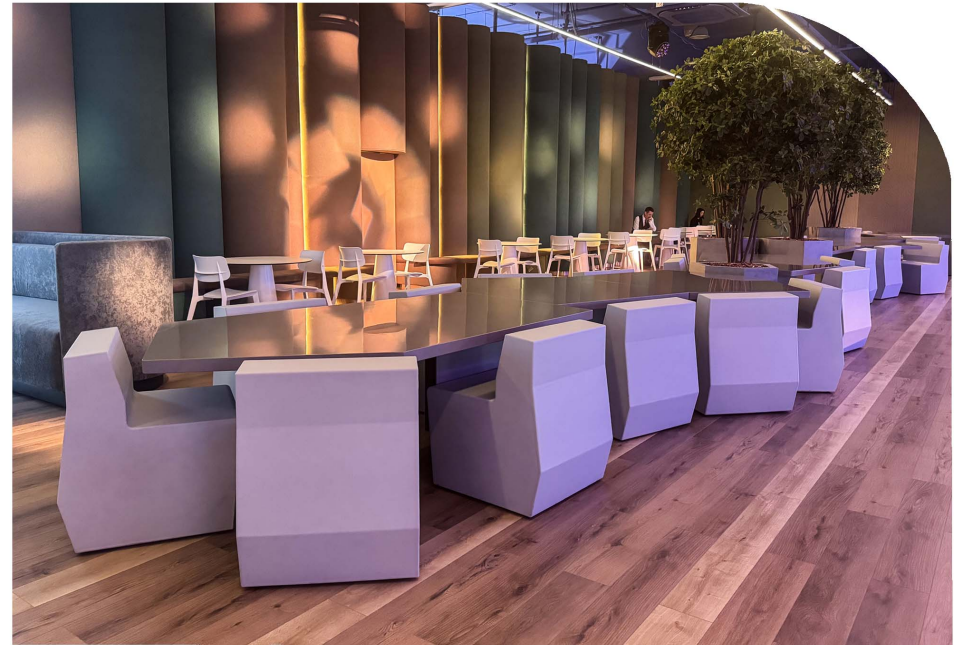

Innovative furniture for organizing public spaces

- Seamless coating
- Frameless construction – only polyurethane foam
- Maintains shape for several years under heavy use (high-density polyurethane)

- **Moisture-resistant coating**

Can be installed in high humidity areas and outdoors.

- **Hygienic and easy to maintain**

Does not absorb dirt — simply wipe with a cleaning agent (disinfectants can be used).

Comprehensive Commercial Space Design

From concept to implementation

We perform a full cycle of work on commercial property decoration — from concept development to realization.

We harmoniously combine decorative elements with functional solutions to create visually attractive and efficient spaces.

Advantages:

- Single contractor for all stages
- Reduced timelines and costs through integrated approach
- Quality assurance
- Turnkey solutions
- Custom-made products

Allows for complete project customization to meet your business's unique needs.

Creating spaces that work for your business.
